## **HOME LOADED AMMUNITION DECLARATION**

I, the undersigned, being a member of\*/ visitor to\* (\* delete as appropriate)  
Duchy Shooting Association (DSA) ranges at Zelah do hereby confirm and certify that the  
hand-loaded / home-loaded ammunition I will use on the ballistic 100m range complies with the  
safe load specifications of a reliable gunpowder or cartridge manufacturer's reloading manual.

I understand that I am not permitted to fire any home-loaded cartridge outside of such a  
specification appropriate to the calibre of firearm in use. In any and every instance the muzzle  
energy (ME) of any cartridge I fire must not exceed 5160 ft/lb or 7000 joules, and the muzzle  
velocity (MV) must not exceed 3281 ft/sec or 1000 m/sec (maximum authorised ME/MV on this  
range).

It is my responsibility to ensure that every cartridge I fire complies with these requirements and  
with DSA Range Orders (Annex A, paragraph A11) pertaining to cartridge ammunition  
generally. In the event of an ammunition failure or accident with my home-loaded ammunition I  
understand that the duty RO or other officer of DSA may take possession of one or more  
rounds of the same batch of home-loaded ammunition for subsequent dis-assembly,  
inspection and analysis by the investigating authorities.

**For DSA member only**: this certificate is valid only for the membership year ending 30 March  
in the year following signature. It must be renewed annually.

**For visitors/guests**: this certificate must be signed on every visit to DSA Range, Zelah.
